

## Marc Adams

### Electrical Safety Consultant

Marc began his career as an apprentice construction electrician. He has also worked on iron and aluminum foundry equipment, as well as electromechanical systems, as a maintenance electrician.

Marc spent much of his career with Honda of America Mfg. There, he held many roles, including Developer and Instructor for Cognex Camera Training, Equipment Service Planner/Scheduler and Equipment Service Technician. Marc was also responsible for increasing the engagement and morale of Honda associates.
